

# Discover sailing with us!

**Imagine this:** Hot breezes, warm water and you're sailing over the waves while everyone else is baking on the beach.

**PDYC Sailing School** offers a full set of day programs by the week for youth aged 8 to 16 in

a CanSail certified program.

If you're not quite sure if this is your thing (of course we *know* it is), you can check out our two-day Discover Sail program this summer. Our youth programs are multi-age, multi-level each week and for senior sailors we have a racing Tuesday night (min age: 13).

Adults can have fun too! We have keelboat and

dinghy programming. Check out our website at [pdycsailingschool.com](http://pdycsailingschool.com) or call Lisa Marr, program coordinator for information at **519-583-3173**.
