Student Recognition

The recognition program is Grand Erie's way of honouring and celebrating students who have excelled in academics, arts, athletics or community involvement. On Monday, Nicole Kelly, a Grade 12 student from Brantford Collegiate Institute and Vocational School, was presented with a certificate from Trustee Carol Ann Sloat and Director of Education Brenda Blancher.

The Student Recognition Awards program supports the Achievement indicator of Grand Erie's Multi-Year Plan and *Success for Every Student* through the following statement: "We will set high expectations for our students and staff."

Nicole Kelly – Brantford Collegiate Institute and Vocational School – Athletics

Nicole Kelly is a world champion in the sport of hockey. Last year, the Grade 12 student donned the maple leaf jersey for the first time as one of 23 players on Canada's Under-18 women's hockey team.

In January, she was named to the team to compete at the International Ice Hockey Federation's Under-18 Women's World Championship in Japan. There, the team defeated the United States 3-2 in overtime, earning gold for Canada.

During her secondary school career, Nicole has balanced the gruelling training schedule required of an international-caliber athlete, while earning a reputation for her sense of integrity, responsibility, respect, and cooperation.

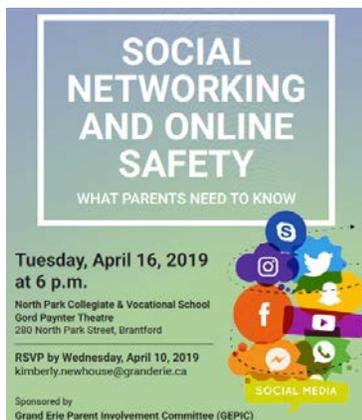

Mid-Year Report: Grand Erie's 2018-19 Student Achievement Plan, *Success for Every Student*

At the November 26 Board Meeting, Grand Erie's 2018-19 Student Achievement Plan was presented. The Student Achievement Plan focuses on the goals outlined in the Board's Multi-Year Plan and the Mathematics Achievement Strategy goals. Find the 2018-19 plan here: <https://bit.ly/2JEZTKu>. The Student Achievement Plan is also designed to include all students and is reflective of their journey from Kindergarten through Grade 12. improvement and aligns with Grand Erie's focus on a multidisciplinary system and school-based teams approach.

On Monday, Trustees were presented with the Mid-Year Review of the 2018-19 Student Achievement Plan. Highlights include a wide range of activities and initiatives in the Elementary and Secondary Program as well as Special Education. The report features the work of staff in Numeracy, Literacy and Well-Being and highlights the Board's indicators of success and monitoring to ensure success.
