February 8, 2017

Dear Burford Families:

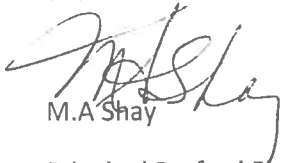

There has been some confusion about the helmets that are mandatory for skating.

This could be because we did not go skating last year and the policy changed last season.

However, for all future skating organized as school activities, students need to have Hockey Helmets that say CSA approved with an expiry date that is still valid.

See the pictures of the appropriate helmet.

Thanks

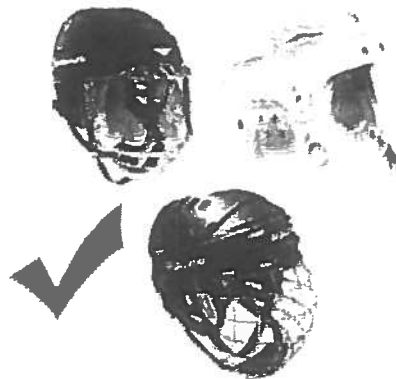

M.A. Shay

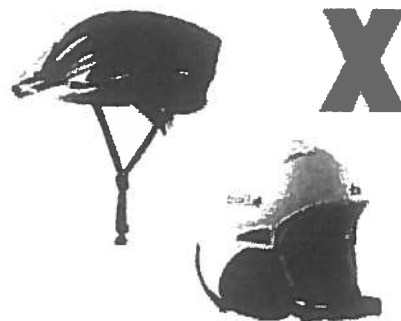

Principal Burford Elementary

All students, staff and volunteers who are on a skating or hockey trip must ensure that they must wear a CSA approved hockey helmet while on the ice. Full face masks are required for participation in hockey instructional programs, games or scrimmages. Bicycle or snowboarding helmets are not an appropriate helmet for skating or hockey activities.

CSA Approved Hockey Helmets

Helmets Not Permitted
