

Strategies Class

April Newsletter

Our philosophy is we want to be hard workers, that are polite to each other and the rest of the school. We want to all work together!

What we are working on...

Language - We are working towards solving words we don't know and making connections to things we have read or watched.

Math - We will always be practicing our number sense skills but we will also be focusing on telling time for math.

Science - We will be learning about simple machines and building some of our own.

Arts - We will be role playing with different scenarios on how to speak and act politely.

For classroom reward, we have implemented a piggy bank system. If students are being kind, hard workers, good listeners, following the rules..etc. they can earn classroom dollars. These dollars can be used on auction days at the end of certain weeks to buy items for their bins or special treats.

Remind App - I have added all parents to the Remind App either through cell phones or email. Let me know if there are any issues. This is just a simple and sometimes faster way to communicate. We will still be checking the Communication books though if that works best for you.

Important Dates:

March 29th - Hat Day

April 6th - Fundraisers Due (Farm Fresh and Steeped Tea) and our next Classroom Auction

April 19th - Assembly at 11:40

April 20th - Blue and Green Day and Classroom Auction

Please let us know if you have any questions or concerns:
