

Strategies Class

June Newsletter

Our philosophy is we want to be hard workers, that are polite to each other and the rest of the school. We want to all work together!

What we are working on...

Language – Still working on making connections as well as expanding our vocabulary by doing word wall activities.

Math – Students will be learning geometry with focus on perimeter and area as well as shapes.

Science and Social Studies- We are reading a story about Ancient Egypt and learning about that civilization.

Arts – Continuing role playing and exploring dance.

The Piggy Bank rewards system still seems to be having a positive effect. We will have an auction every two weeks.

We will be continuing our “Good Deed” for the week during the final month.

Remind App – We will still continue to use this for communication if that works best for you.
