

GRADE 6/7 NEWS

Can you believe the school year is near the end already? However, our studies continue as there is still plenty to do in preparation for Grade 7 and 8! Please help assure your child is **continuing to apply himself/herself**. This month, we have a retired guest teacher, Ms. Phillips once again, coming in to do some awesome **printmaking** with the class! Also, our science projects are due

For grade 6 and 7 students, Summer school strengthening courses for math and language are available. Information is available on the school board website at www.granderie.ca. These helpful opportunities are open to all students. The final decision to attend rests with the parents. I can send a hard copy of information if requested.

June is very active. The students go on their year-end trips to either WildWaterWorks or Camp Wanakita, Taquanyah happens, there's a Spelling B, Supermeet, Gr. 7 Swim to Survive dates and much more! I will keep you posted via the REMIND App!!!

I would also like to take this time to thank all the parents for their support throughout the year. You have wonderful kids who are all well on their way! It has been a great year! At times, you couldn't even tell there were up to 30 of them because of their awesome attitudes!!! I will certainly miss the wonderful group who are ready to move on to the next phase of their life!! Many should be proud as they continue to work hard and be helpful around the school e.g., student council, equipment helpers, , etc., etc.
