

# Woodview Newsletter – February 2019

## Upcoming Dates in February:

- 14 Valentine's Day
- 14 Report Cards come home
- 18 Family Day – No School
- 19 Apps Mill Hike
- 27 Pink Shirt Day & Food Bank Donations

## Report Cards:

Report Cards will be coming home on February 14<sup>th</sup>. Along with the reports will be the updated Term 2 IEPs. Please carefully review both documents, sign where indicated and return the signed pages along with the envelope. If you have questions or concerns, I will be available for interviews on February 27<sup>th</sup> in the afternoon (12-4). If that time is inconvenient, we can arrange a mutually convenient time. As always, I can be reached daily by phone, email or text message.

## Contact information:

### **Remind application:**

On a computer <http://www.remind.com> Our class is **edtw** at James Hillier School. You can also use your cell phone, but if you have a Rogers based phone plan, you may be charged unless you download the free app onto your phone. If you have a smartphone, iphone or android, in your web browser type: **rmd.at/edtw** and it will automatically send you to the app with push notifications. For phones other than smartphones you can text **@edtw to (204)809-1194** and you will receive text notifications, but standard rates will apply.

### **Telephone:**

Classroom phone: **519-752-5308 x 946**

James Hillier phone: **519-752-2296**

Email: **[penny.telfer@granderie.ca](mailto:penny.telfer@granderie.ca)**

## Pink Shirt Day & Food Bank Donations:

On the second last day of February we will show our **anti-bullying support by wearing our pink shirts**. For more information check out the website: <https://www.pinkshirtday.ca/> We will also be **collecting donations for the Food Bank** to try to beat our last donation of 191 pounds of food from Souper Bowl/Jersey Day.

## Curriculum Corner:

### **Math...**

We have been investigating 2D shapes, Area & Perimeter, and using a ruler for proper measuring in metric. This also employs our number sense as we are using addition, subtraction, and multiplication to solve number problems in finding area and perimeter. As well we continue to use computer applications to build skills and reinforce the current topic.

### **Language...**

We are beginning a new oral novel study: Pay It Forward, Young Reader's Edition. Along with the novel we have discussed Random Acts of Kindness and have a month-long challenge to see how many acts of kindness we do in our classroom. We will be doing literacy-based activities to develop comprehension, vocabulary and writing skills from our reading.
