

Grade 7 / 8

Corrigan / Johnson MARCH Newsletter

*** Check Edmodo daily for homework, trip forms, photos from classroom activities, quizzes and upcoming events!!

edmodo

Its been a busy February as we wrote essays, produced different art pieces and explored the qualities of influential and prominent black figures. In March we look forward to working in our literacy centers and reading “The Boy in the Striped Pajamas”.

In Math, we are going to be working on our algebra skills and solving equations. Students should be accessing IXL routinely at home to practice skills and review concepts.

solve:

$$x - 2 = 2$$

$$x = 2 + 2$$

$$x = 4$$

simplify:

$$6x + 9 = 12$$

$$2x + 3 = 4$$

$$2x = 1$$

In Geography, the students are learning mapping skills as well as how to identify factors that make Canada a great place to live. The Quality of Life indicators will highlight how countries are vastly different across our globe.

March Break
(March 11th-15th)

Library & YMCA trip
(March 20th)

Grad Trip Info Night
(March 21st 6:30pm)

Have a safe March Break,
