## Mental Health Week:

Our class will be heading up the 'Chalk -It-Up' for Mental Health Week activity for James Hillier school again this year. We plan to hand out sidewalk chalk to each class for them to write positive and encouraging messages on the schoolgrounds. As well, we plan to have a short morning announcement each day during Mental Health week to build mental health awareness in our school.

## PD Days: May 16 & 17

You will be receiving a letter shortly announcing the hiring of a new classroom coordinator for the EDT Woodview Classroom. Following this hiring and announcement, we will be taking some time to work with the new Coordinator to reformulate according to the needs of the students and the classroom. We thank you for your patience during the past few months as we move forward in this new direction.

## Gym Days:

**Remember that Gym days are on days 4 & 5. Appropriate shoes**

**are required.**

## Novel Study: Pay It Forward

We are almost finished our novel, with less than 10 chapters left. Along with the comprehension questions, grammar focus and vocabulary quizlets, we are each going to choose a different character from the novel for whom we will build an in-depth character profile. Can one person's idea really make a difference in the world?

## Math:

The time unit has recently started. Please continue to solidify this understanding by using both digital and analogue clocks to tell time at home with your child. Elapsed time is the learning opportunity for most students. We will be moving into our final math units over the end of May and into June. They are: money skills and examining probability.
