

JUNE NEWS 2019

Important Dates

June 5, 12, 29	Grade 3 Swim to Survive
June 5	Family Yoga and Mindfulness Night 6-7:30
June 7	PA Day
June 10-11	Reader's Theater Presentations
June 10	Fun Fair
June 20	Play Day
June 24	Apps Mill
June 27	Last Day of School

Robert Munsch Reader's Theater Plays

The students have been working hard on perfecting their Robert Munsch plays.

We will be presenting our plays on two days. We will have a morning showing at 9:30 on Monday, June 10th. We will have an afternoon showing at 3:00 on Tuesday, June 11th.

Play Day

James Hillier play day will be on June 20. Be sure to dress for the weather (hat, sun screen etc.) More information about play day will be coming home soon.

Apps Mill

Our original Apps Mill trip scheduled in the winter was cancelled, and has now been re-booked on June 24. Please be sure to dress for the weather (hat, sun screen etc.), and to send extra water/drinks along with a lunch. We will be exploring the forest, and animal homes. 😊

Swim to Survive

On June 5, 12 and 19 the grade threes will be going to the Wayne Gretzky Centre to participate in the Swim to Survive program. Please remember to bring a bathing suit and a towel on those days. A plastic bag (or another bag) to put the wet bathing suit and towel in after swimming can be helpful to keep the rest of the items in your child's backpack dry.

Fun Fair

The James Hillier fun fair is on June 10 from 4:30-7:00. You can avoid line-ups and save money by purchasing your family's Strodes meals, as well as your children's all-inclusive bracelets for the inflatables and games on schoolcashonline by June 5 at midnight.

Parent Council is seeking donations of jumbo-sized chocolate bars to be used for one of the games.

Parent Council would also be grateful for any volunteer help. Please sign up for a time slot at <http://bit.ly/JHFunfair>

Family Yoga and Mindfulness Night

Family Yoga and Mindfulness night is on June 5 from 6-7:30 at James Hillier School. Younger children can bring their families, and older students are welcome to come on their own. This is sponsored by the final part of the PRO Grant. Sheryl Puckering from the Bhava Tree will be hosting the class.

We will be working on

☺ **Reading** – Monitoring our Understanding

☺ **Oral Language** – Robert Munsch plays

☺ **Writing** – Publishing poetry books, End of Year Book

☺ **Word Study** – review (adding ed and ing, regular plurals, long vowel sounds)

☺ **Math:**

Gr. 2 – Mass and Capacity: estimate, measure, and record the capacity or mass of an object using non-standard units, compare a collection of objects by mass or capacity using non-standard units

Gr. 3 – Mass and Capacity: choose benchmarks for a kilogram and a litre to help perform measurement tasks, estimate, measure and record the mass of objects using standard units of the kilogram, or parts of a kilogram, estimate, measure, and record the capacity of containers using the standard unit of litre or parts of a litre, compare and order a collection of objects using standard units of mass and/or capacity (kg, L)

☺ **Drama:** Robert Munsch plays

☺ **Science:**

Gr. 2 – Growth and Change in Animals & Air and Water in the Environment

Gr. 3 – Growth and Change in Plants & Soils in the Environment
