BU-010

TRAVEL AND EXPENSE CLAIMS	
Superintendent Responsible: Superintendent of Business & Treasurer	Initial Effective Date: 2014/09/29
Last Updated: 2024/09/18	Next Review Date: 2028/09/17

Purpose:

To establish criteria and processes for the reimbursement of expenses incurred by all Grand Erie District School Board (Grand Erie) employees while performing duties on behalf of Grand Erie.

Guiding Principles:

Expenditures for travel and expenses must be necessary, reasonable and transparent with appropriate accountability and reporting mechanisms based on system-wide policies and government regulations. Of note, the Canada Revenue Agency (CRA):

- considers driving back and forth between home and work as personal use.
- considers a regular place of employment any location where your employee regularly reports for work or performs the duties of employment.
- provides an interpretation that if an employee has multiple regular work locations and travels between home and several work locations during the day, that only the trip from the employee's home to the first work location or, the trip from the last work location to home is personal driving.
- provides an interpretation that when an employer reimburses their employee for the personal driving of their own vehicle, there is a taxable benefit that has to be calculated and included in their income.

As such, Grand Erie will classify employees into 4 categories.

- **Group A:** Employees with a primary location. (i.e., School Administrators, Classroom Teachers, Educational Assistants, School Clerical, Coordinators, Board Office employees)
 - The daily cost of travel from home to the employee's primary worksite is **personal use** and is not reimbursed by Grand Erie. This includes work at night, weekends, or during summer break. Employees will only be reimbursed travel costs in excess of their daily round trip commute for business related activities.
 - Primary locations are defined as locations that are visited, on average, at least four (4) times per week.
- **Group B:** Employees with two primary locations (i.e., teacher with two assignments)
 - Travel expense is only allowable for required travel between sites when the employee's assigned position comprises more than one location.
 - However, travel expense is not allowable for travel between sites when an employee applies for and obtains more than one part-time position in different locations.
 - This group is eligible for claiming mileage expenses for conferences and workshops
- **Group C:** Itinerant employees without a primary location(s). (i.e., Itinerant Teachers, Consultants, Coaches)

- Travel expenses are only eligible to claim mileage between their starting and ending location in a given day as there is no home to primary location deduction.
 - This group is eligible for claiming mileage expenses for mandatory system professional development activities. This will be calculated from the employee's home to the site and back.
- **Group D:** Casual Employees (i.e., Daily Occasional Teachers, Occasional Educational Assistants)
 - Casual employees are not eligible for mileage reimbursement.

Where specified, prior approval of an immediate supervisor is required before the expense is incurred if it is to be eligible for reimbursement. The Director of Education and Secretary of the Board (or designate) must approve all out-of-province travel.

Grand Erie assumes no obligation to reimburse expenses that are not in compliance with this procedure. Employees will be reimbursed for expenditures subject to the following parameters:

1.0 **Allowance for Use of Personal Automobile**

- 1.1 Mileage allowance rates are approved by Grand Erie. The approved rates will be applied per calendar year (January to December) to meet CRA guidelines, communicated annually to the system and noted within the mileage application.
- 1.2 Employee(s) will be reimbursed for the use of their personal automobile provided:
 - it is the most convenient method of travel
 - the travel is for authorized Grand Erie business
 - employees must submit mileage reimbursements using the mileage application found on the employee portal
 - the employee(s) carries a minimum of \$1M public liability and property damage insurance coverage
 - to promote sustainability and alleviate traffic congestion, employees are permitted to carpool or ride-share, if possible.
- 1.3 The allowance paid for the use of a personal automobile is deemed to cover all costs of operation including insurance, depreciation, gas, oil, repairs etc.
- 1.4 In accordance with the Guidelines for Working Remotely, if employees are working from home and required to travel for business-related activities, the daily round trip deduction from home to the primary location will still be expected to be made.
- 1.5 The approval of the immediate supervisor is required before claims will be processed.
- 1.6 Travel for mandatory system professional development activities is covered, while elective attendance at Grand Erie-sponsored training workshops is not covered.
- 1.7 Travel for clerical to the post office, bank etc. and travel for teachers to support school teams and field studies is to be charged to school budget accounts.
- 1.8 Travel to conferences and workshops is to be charged to professional development budgets.
- 1.9 Travel claims will not be processed in advance.
