# ABOUT US

Grand Erie District School Board is an Ontario school board that has legal jurisdiction over Brant County, Norfolk County, Haldimand County and the City of Brantford. The Education Centre is located in Brantford, while three support centres are located in Haldimand County, Norfolk County and the City of Brantford. These support centres provide ancillary services to staff and students. Some key Board facts include:

- 58 Elementary Schools
- 14 Secondary Schools
- 25,496 students (including 427 on an Education Services Agreement)
- Total number of staff: 2,798 (Full-Time Equivalent)

## LEGEND

- Secondary School
- Elementary School

# HISTORY OF GRAND ERIE

Grand Erie District School Board was formed in 1998 in an amalgamation of the Brant, Norfolk and Haldimand County boards of education, a result of the provincial government's Fewer School Boards Act of 1997. The new board was officially known as English-language Public District School Board No. 23 until the 1999-2000 school year, when it was named to reflect the wide geographical expanse of southern Ontario it encompasses. Spanning Brant County in the north, following the Grand River's path to Lake Erie in the south to include the counties of Haldimand and Norfolk, and alongside the First Nations communities of Six Nations of the Grand River and Mississaugas of the Credit First Nation, Grand Erie retains the distinct identities, cultures, and traditions of these unique regions.

With strong agricultural roots as well as growing towns and urban centres, the schools of Grand Erie reflect the region's rich history. The names of schools honour local war heroes, inventors, cultural and educational figures, and pay homage to the Indigenous Peoples who inhabited the area for millennia. The number of schools has changed slightly over the years matching shifting population patterns and changes to provincial education funding structures. School buildings have also seen extensive expansions, upgrades, and renovations to meet changing needs and new usage. In many communities, schools are central hubs and access points for programs and services, and a source of identity and pride.

Today, Grand Erie District School Board represents more than 25,400 students in 58 elementary and 14 secondary schools within the City of Brantford and the Counties of Brant, Haldimand, and Norfolk as well as secondary students from Six Nations of the Grand River and Mississaugas of the Credit First Nation.

# MULTI-YEAR PLAN

In 2016, Grand Erie approved a new strategic direction to guide the work that the school board is doing.

At the centre of the 2016-20 Multi-Year Plan is *Success for Every Student*.

Grand Erie will achieve *Success for Every Student* through a focus on students and staff in a culture of high expectations.

The six indicators that support the Multi-Year Plan are: Achievement, Community, Environment, Equity, Technology and Well-Being.

**ACHIEVEMENT** – We will set high expectations for our students and staff. We will monitor, measure and reflect on our outcomes.

**COMMUNITY** – We will foster and celebrate inclusive school communities to enhance the learning experiences of all students.

**ENVIRONMENT** – We will ensure that students and staff have a safe and welcoming environment in which to learn and work.

**EQUITY** – We will promote practices that help students, families and staff feel safe, welcomed and included.

**TECHNOLOGY** – We will provide secure and reliable learning environments that will allow students and staff to use technology in an efficient and seamless manner.

**WELL-BEING** – We will create environments that are healthy and that recognize the well-being of mind, body, emotion and spirit of students and staff.

## MESSAGE FROM THE GRAND ERIE DISTRICT SCHOOL BOARD CHAIR

On behalf of the Board of Trustees, I'm proud to approve the 2021-22 budget. For the second year in a row, we've faced unprecedented challenges, but once again, we're pleased to have delivered a budget that prioritizes what's most important: the health and well-being of our learners so they can reach their full potential, with a continued focus on supporting school communities during the turbulent changes the pandemic has brought.

The budget includes the hiring of nine secondary teachers, 19.5 educational assistants, a principal leader of Indigenous education and equity, a special education technology teacher, and an equity instructional coach. These important additions to the Grand Erie team will go far to ensuring our students are supported in their return to learning and can meet with success. A significant investment in technology means the Board can complete the Broadband Modernization Program to enhance internet access in rural areas, and purchase 2,800 computers as part of a multi-year device replacement plan for students and staff. Whether learning in person or in the virtual classroom, students and staff will have the up-to-date infrastructure needed to enhance learning.

Developing this budget was a collaborative process that engaged stakeholders across the Board. Its direction was guided by Grand Erie's Multi-Year Plan priorities, and despite the changes that have come our way, the Board's prudent strategic planning that places students at its center will allow Grand Erie to continue to navigate whatever comes our way.

Sincerely,

**Greg Anderson**

Board Chair, Grand Erie District School Board

## MESSAGE FROM THE DIRECTOR OF EDUCATION

As Grand Erie's Director of Education, it's an honour to present the 2021-22 school-year budget. To say that these are challenging times would be an understatement, but the decisions made in bringing this budget together have never veered from our collective goal of *Success for Every Student*, and we can certainly take pride in that.

As we move through the pandemic, significant investments are being made in learning recovery and renewal. These include early reading and math supports, strategies to re-engage students, special education investments, targeted French-language supports, and educator readiness including professional learning communities and opportunities to share effective practices. Students' well-being is always our focus, but as we rise to any challenges the coming school year brings, that will continue to be a major priority as we invest in school-based mental health. Funding provided through Grants for Student Needs will allow us to continue to support enhanced health and safety measures, online learning, and additional investments in technology as we navigate the ongoing pandemic.

I wish to thank Grand Erie's Trustees, staff and partners who have worked together over several months to deliver a budget that brings stability during uncertain times. It represents the collaborative input of a broad range of stakeholders, and upholds our Multi-Year Plan's indicators by prioritizing achievement, community, equity, environment, technology and well-being. It sets us up for a year of success, ready to learn, lead, and inspire.

Sincerely,

**JoAnna Roberto**

Director of Education

## MESSAGE FROM THE SUPERINTENDENT OF BUSINESS

On behalf of Senior Administration and the Business Services team, I am pleased to provide a balanced budget that places our students and staff at its center, with a focus on stability in our system as we return to learning for the 2021-22 school year. We can be proud of the following operating and capital budgets as they continue to provide us with the flexibility to respond to changing needs amid the pandemic, while prioritizing students' mental health and well-being alongside achievement and success. The operating budget has incorporated a number of investments to support our system which include:

- Additional teachers, educational assistants and roles focused on equity
- Resources to support accelerated conversions of libraries to learning commons
- Mental health and well-being enhancements for both staff and students
- More than \$3 million in targeted funds to support the system in planning and implementing health and safety protocols that may be required in September
- Continued investment in additional devices to support both face-to-face and virtual learning

With the pandemic still a reality, we continue to prioritize health and safety measures in our schools, at our work sites, and on student transportation. Despite lower enrolment projections, we have managed to minimize impacts on staffing, and develop spending strategies in ways that will allow us to meet our strategic goals.

The capital budget includes significant investments in school condition improvements so that the buildings our students return to will allow them to thrive in their learning. This includes HVAC upgrades, paving, roofing, window and door upgrades, and classroom modernization.

While we can't predict the future, we have ensured that with careful planning, we are ready to address the unique challenges of the times we are navigating. This budget represents a highly collaborative process that was months in the making, and we share this accomplishment knowing that the decisions made speak to the values we hold in Grand Erie.

Respectfully,

**Rafal Wyszynski, CPA, CMA**

Superintendent of Business & Treasurer

# BUDGET: SUMMARY

Grand Erie District School Board has developed a balanced operating and capital budget for the 2021-22 school year. The operating and capital budgets have been set at \$338.3 million and \$24.5 million respectively for a grant total of \$362.8 million. This report will provide additional details of the sources and uses of the revenues that Grand Erie receives from the Ministry of Education.

As illustrated by the graphic above, the majority of the revenue Grand Erie receives is through the Grants for Student Needs (GSN). The GSN, also known as “the funding formula,” is a collection of grants that either can be generated on a per-pupil, per-school, or per-board basis depending on the structure of each grant. This framework, that has been developed between school boards and the province, recognizes that accountability to the Ministry must be balanced against the need for school board flexibility to address local conditions. It includes:

- Legislative requirements, such as the provision that school boards balance their budgets;
- Requirements around budgeting, financial reporting, and monitoring;
- Enveloping, which means that certain grants have restrictive properties; and
- Program/grant-specific reporting requirements overseen by various branches of the Ministry.

The 2021-22 budget has been developed in compliance with all of these requirements.

# BUDGET: REQUIREMENTS

The development of a school board budget goes beyond the balancing of revenues against expenses. Boards must carefully make assumptions to support complex decisions, while ensuring compliance with provincial, legal, internal and local regulations, policies and agreements. These external requirements include:

- Compliance with the Education Act
- Compliance with the Public Sector Accounting Board (PSAB)
- Timely submission of a balanced budget
- Ministry approval for an in-year deficit above one per cent of the school board's operating revenue or the accumulated surplus for the preceding school year
- Class size ratio requirements
- That the Special Education Grant can only be used on Special Education expenditures
- That the Board Administration Grant cannot be overspent
- That the First Nation, Métis and Inuit (FNMI) funding is now enveloped and can only be spent on eligible FNMI expenditures
- Funding allocated to Boards within the Target Student Supports and the Experiential Learning are also both now enveloped.

Board Policy F2: *Budget Development Process* (see: Appendix A) guided the development of the budget. The internal requirements included:

- That the Board's Multi-Year Plan, the Board's Student Achievement Plan and the Annual Operating Plans inform the budget development process.
- That the Board approve the final budget ensuring compliance with Ministry regulations. Administration will provide information confirming that the budget is compliant with the funding regulation as part of the budget development and approval process.
- That the budget incorporates elementary and secondary enrolment projections, including trend analysis and historical comparators.
- That the budget includes a five-year enrolment forecast.
- That the approved budget be posted on the Board website.

# BUDGET: CHALLENGES

The development of a school board budget has many inherent challenges, risks, pressures and unknowns. The practices that govern Grand Erie's budgeting, planning, and forecasting are becoming increasingly complex. There are many variables, internal and external, that must be considered when developing both revenues and expenditures. The most significant challenges and risks to the 2021-22 budget include:

- Government changes to funding policies (class sizes, absenteeism, capital)
  - Declining enrolment
  - Enrolment projections that differ from actual results
  - Impact from volatility on utility pricing and/or consumption (natural gas, electricity)
- 
- Costs associated with employee absenteeism and challenges with staffing system with qualified replacements
  - Aging infrastructure (buildings, land, equipment, technology)
  - Compliance with collective agreements
  - Unpredictability of evolving Special Education needs
  - COVID-19 impact on the transportation of students
  - Climate change resulting in significant or unpredictable damage
  - Lack of contingencies within budget
  - Impact of COVID-19 pandemic on students and staffing including technology deployment, incorporation of quadmasters and enhanced health and safety protocols
  - Operation of both face-to-face and virtual learning environments
  - Community Use of Schools and associated rental revenues are challenging to predict and operationalize

# ENROLMENT

Student enrolment is the primary driver for revenue for Grand Erie. The funding is calculated based on the Average Daily Enrolment (ADE) of pupils enrolled on two Ministry-selected count dates: October 31 and March 31. If the enrolment numbers are over-estimated, actual revenues will decrease and the Board will face difficulties in re-balancing the budget as many factors such as contracts and staffing levels will have already been determined. The following table illustrates the estimated enrolment for 2021-22. The subsequent table and graphic depicts Grand Erie's enrolment history and long-term forecast.

# REVENUES

As previously stated, the majority of revenue that Grand Erie receives comes from the Ministry of Education's GSNs. The Board generates other revenue through Tuition Service Agreements, supplemental Provincial grants called the Priority and Partnership Fund (PPF), targeted Federal Grants (i.e. Ministry of Citizenship and Immigration) and through other sources such as rentals or interest income.

<b>Total Revenue</b>	<b>333,662</b>	<b>340,442</b>	<b>338,344</b>	<b>4,682</b>	<b>1.4%</b>

Grand Erie's total operating revenue for Fiscal 2021-22 is estimated at \$338,343,594 as compared to \$333,662,210 for the Fiscal 2020-21 Estimated Budget. There are two major components of the GSN: Foundation Grants and Special Purpose Grants. The Foundation Grants cover the basic costs of an educational experience that is common to all students, which is allocated based on student enrolment and the number of schools. The Special Purpose Grants address the unique needs of students, schools and school boards related to location, student and school needs, and a board's demographic profile. The descriptions for each GSN allocation can be found in the glossary in Appendix B.

# EXPENDITURES

Grand Erie's 2021-22 expenditures were developed as set out in Board Policy F2 – Budget Development Process, in consultation with program and service area staff and in consideration of budget priorities provided by the Board, the Multi-Year Plan and the Ministry of Education's New Vision for Education. The expenses are based upon:

- Class size ratios and staffing requirements
- Collective agreements
- Legislative requirements
- Contractual obligations
- Established needs of the system
- Board Policy
