

Grade 3 EQAO Sample Question for Families

Please see below a EQAO digital math question and answer that you can work on with your child.

Question

What is the distance on this sign rounded to the nearest 10?

40 km

43 km

45 km

50 km

Correct Answer

What is the distance on this sign rounded to the nearest 10?

40 km

43 km

45 km

50 km

Helpful Tips:

1. **Use a number line to support visualization of rounding numbers.** *(Click on "Start a New Polypad.")
2. **Use a variety of real-life examples where someone might round up and down** (e.g., making cost estimations at the store).
3. **Consider the use of the following prompts:** How do you know? What clues in the question lead you to thinking this way? Can you explain your thinking step-by-step?
