

Grade 6 EQAO Sample Question for Families

Please see below a EQAO digital math question and answer that you can work on with your child.

Question

Select one option for each box to match its equivalent decimal number.

0.125	0.4
<input type="text"/>	<input type="text"/>

Correct Answer

Select one option for each box to match its equivalent decimal number.

0.125	0.4
<input type="text" value="1/8"/>	<input type="text" value="1/8"/>

Helpful Tips:

1. Use a [Number Line](#) (click on “Start a New Polypad”)

A number line helps students see where fractions and decimals “live” on a line from 0 to 1.

2. Practice Benchmark Fractions & Decimals

Help students remember key pairs, such as:

- $1/4 = 0.25$
- $1/2 = 0.5$
- $1/5 = 0.2$

3. Use a [Hundredths Grid](#)

- This visual shows decimals and fractions as parts of 100
