

GRAND ERIE SCHOOL CLIMATE AND WELL-BEING SURVEY (GRADES 7-12) 2025-2026

We would like to learn more about your life in school so that we can provide a safe and welcoming school environment where all students feel like they belong. To do this, we would like to ask you some questions about your identity, your well-being, and your experiences at school.

Here are some things to know before getting started:

1. This is not a test! **There are no right or wrong answers.** Some people think or feel one thing and other people think or feel something else. We want to know what *you* think and how *you* feel, so please respond honestly. Your answers are *very important* and will help us to understand what you think about your school experience and help us improve activities and programs in your school.
2. It is **your choice** to fill out the survey. You can choose not to participate at any time before, during or after you complete the survey and you will not get in trouble or lose marks. If you choose not to answer a specific question, you may select “choose not to answer” or skip it and move on to the next question.
3. The survey is **anonymous (not connected to your name)** and **confidential (private)**. No one will know your answers to the questions and your answers will not be shared with your teacher, principal, parents or friends.

We hope that you will complete the survey and answer each question the best your can. Thank you for your help!

Would you like to take this survey
