School!

**Message from the Principals**

As we welcome the month of June, we reflect with pride on a year filled with growth, learning, and connection across our school community. Our students have continued to model our COBRAS values each day—demonstrating **Courage**, taking **Ownership**, maintaining **Balance**, showing **Respect**, embracing a positive **Attitude**, and bringing school **Spirit** to all that they do. These values are at the heart of our school and are evident in the many achievements we celebrate together.

June is a time to recognize these accomplishments while encouraging students to stay focused as we approach the end of the school year. We look forward to many special events and celebrations that honour the dedication and hard work of our students and staff.

Thank you to our families for your ongoing support and partnership. Your involvement helps strengthen our community and supports student success in meaningful ways.

Wishing everyone a wonderful June and a safe, relaxing start to the summer. We look forward to welcoming you back to King George School for a new school year on Tuesday, September 8.

Mrs. Stephanie Slaman  
Principal

&

Mrs. Denise Horne  
Vice Principal

**Hot Weather Reminders**

As warmer weather arrives, we encourage everyone to take steps to stay safe and comfortable during hot days. Our classrooms do not have air conditioning and our school can often feel very hot in June. Students are reminded to bring a reusable water bottle, wear appropriate clothing such as hats and sunscreen, and take advantage of shaded areas when outdoors. Staff will continue to monitor students during outdoor activities and provide opportunities for hydration and cooling down.

## Class Assignments for 2026-2027

Planning for the upcoming 2026–2027 school year is already underway. Great care is taken when creating class lists to ensure that each student is placed in a supportive and balanced learning environment. A variety of factors are considered, including academic, social, and emotional needs, as well as overall class composition.

Families can expect to be contacted by their child’s new teacher(s) during the week prior to the start of school on **September 8, 2026**. While we understand that families may have preferences or specific requests, these cannot always be accommodated. However, families are invited to connect with the principal to share any relevant considerations about their child that the school may not already be aware of.

## Field Trip Expectations

As we approach exciting end-of-year field trips, we remind students that all school rules and expectations remain in place while off-site. Students are expected to demonstrate respectful behaviour and represent our school positively in the community.

To ensure a safe and enjoyable experience, students should come prepared for the day’s activities. For outdoor trips, this includes bringing a refillable water bottle, wearing appropriate clothing, and using sun protection such as hats and sunscreen.

We appreciate your support in helping students be ready, responsible, and respectful as they participate in these memorable experiences.

## Rotary Brantford Classic Run

King George School will once again be participating in the Rotary Brantford Classic Run **on Sunday, June 7, 2026**. We invite our students and families to join our school team for this fun and active community event, which supports children and youth in our area.

Registration is completed online at [www.rotaryclassic.ca](http://www.rotaryclassic.ca) (Race Roster). When registering, select “add to an existing team,” choose “school team,” and find King George.

We hope to see many of our families come out to show their school spirit and support this great cause! For more information, please contact Mr. Medcalf at [christopher.medcalf@granderie.ca](mailto:christopher.medcalf@granderie.ca).

AT KING GEORGE SCHOOL,  
WE VALUE:

- C** COURAGE
- O** OWNERSHIP
- B** BALANCE
- R** RESPECT
- A** ATTITUDE
- S** SPIRIT

### COBRAS Values

We are proud to share that we have recently wrapped up our focus on **A = Attitude**, celebrating students from every class who consistently demonstrated positivity, perseverance, and a growth mindset in their learning. It was wonderful to recognize how our students embody this important value each day.

As we move into June, our focus shifts to **S = Spirit**. We encourage all students to show their school spirit by supporting one another, participating in school activities, and taking pride in being part of our COBRAS community. We look forward to seeing our students finish the year strong by demonstrating Spirit in all they do.

### Lock Down Drills & Fire Drills

Throughout the month of June, our school will be conducting both lockdown drills and fire drills as part of our ongoing commitment to student safety. These practice drills are essential in helping students and staff understand procedures and respond calmly and effectively in the event of an emergency.

Staff will review expectations with students in advance to ensure everyone feels informed and prepared. We appreciate your support in reinforcing the importance of taking these drills seriously while helping students feel reassured and confident in our safety practices.

If you have any questions or concerns, please contact your child's teacher or Mrs. Slaman.
