Attention mathletes! The University of Waterloo's annual math competition is approaching. If you are interested in competing this year with team problems, individual sets, and relays, come to a meeting Friday, April 25th in Mrs. Livings' room (312) for more details. We are hoping to take 12 students from grades 9-12 this year, so please do not miss the meeting if you would like to compete. Think it over because we want to get jackets.
