

School Messenger – COVID-19

Good Afternoon Delhi District Families,

This is Principal Stephen Wills. I'm reaching out today with an important message.

I wanted to share with you that we have a second confirmed case of COVID-19 in one of our off-site programs. Understandably, for privacy reasons, the identity of this individual will not be disclosed. This individual has been directed by the local health unit to [self-isolate](#), along with any family members who reside in the same household.

This individual has never attended Delhi District Secondary School. As a result, the local health units have not identified any close contacts at our school to this COVID-19 case. If we receive additional information that a Delhi District student or staff member is impacted, we will let you know as soon as possible.

Delhi District Secondary School remains open. Grand Erie custodians continue to complete their disinfecting of our school each and every night.

A friendly reminder that all Grand Erie students and staff are required to monitor their health daily. If symptoms consistent with COVID-19 develop, please contact your primary health care provider. Anyone concerned that they may have developed or been exposed to COVID-19 is encouraged to get tested.

If you have any questions, please take a look at the [COVID-19 Frequently Asked Questions](#) on the board's at www.granderie.ca or you can reach out to us here at the school.

Thank you.
