

School Messenger – COVID-19

Good Afternoon Waterford Public School Families,

This is Principal Andy Schuyler. I'm reaching out with an important message.

This morning, the Haldimand-Norfolk Health Unit confirmed a case of COVID-19 in our school community. Understandably, for privacy reasons, the identity of this individual will not be disclosed. This individual has been directed by the health unit to [self-isolate](#), along with any family members who reside in the same household.

This individual has not been at our school recently. As a result, the Haldimand-Norfolk Health Unit has not identified any close contacts at our school to this COVID-19 case. If we receive additional information from the Haldimand-Norfolk Health Unit that Waterford Public students or staff are impacted, we will let you know as soon as possible.

Waterford Public School remains open. Grand Erie custodians continue to complete their disinfecting of our school each and every night.

A friendly reminder that all Grand Erie students and staff are required to monitor their health daily. If symptoms consistent with COVID-19 develop, please contact your primary health care provider. Anyone concerned they may have developed or been exposed to COVID-19 is encouraged to get tested.

If you have any questions, please take a look at the [COVID-19 Frequently Asked Questions](#) on the board's website at www.granderie.ca or you can reach out to us here at the school.

Thank you.
