

School Messenger – COVID-19

Good Afternoon Teeterville Families,

This is Principal Ian Summers. I'm reaching out with an important message.

Today, the Haldimand-Norfolk Health Unit confirmed a case of COVID-19 in our school community. Understandably, for privacy reasons, the identity of this individual will not be disclosed. This individual has been directed by the health unit to [self-isolate](#), along with any family members who reside in the same household.

The Haldimand-Norfolk Health Unit has not identified any close contacts within our school to this COVID-19 case as the individual was not in our building during their period of communicability.

Teterville Public School remains open and we look forward to seeing everyone tomorrow. Grand Erie custodians continue to complete their disinfecting of our school each and every night.

A friendly reminder that all Grand Erie students and staff are required to monitor their health daily. If symptoms consistent with COVID-19 develop, please contact your primary health care provider. Anyone concerned that they may have developed or been exposed to COVID-19 is encouraged to get tested.

If you have any questions, please take a look at the [COVID-19 Frequently Asked Questions](#) on the board's website at www.granderie.ca or you can reach out to us here at the school.

Thank you.
